RING SIZE TOOL - MEASURE A RING YOU CURRENTLY OWN

1. Print this document- Your print settings must be at 100% when printing the tool page so that the image is not being shrunk to fit on the page. To ensure this, make sure that page scaling is set to "none" on your print dialog box (ctrl + P)

2. Make sure you have correctly printed the guide by measuring the ruler below. If it measures exactly 5cm/2inch, this means you have correctly printed this guide.

3. Measure your size by placing your ring over the closest matching sized circle, making sure the inside of the ring fits around the outside of the circle. If you are between sizes, order up.

| **48** 15,3 mm | **50** 15,9 mm | **52** 16,5 mm | **54** 17,2 mm | **56** 17,8 mm | **58** 18,4 mm |

Make sure this ruler is 5cm/2inches before measuring your size!
